# Deppe JA Blackcap 0212

IVF CYCLE

Deppe SFF Growth Fund 273  
Son of Lot 1

Deppe SFF Blackcap 287  
Daughter of Lot 1

*Selling 1 IVF Cycle. Semen and flush cost provided by the buyer. Guaranteeing 6 viable frozen embryos, no cap. Work to be completed by TransOva Genetics, Sioux Center, IA.*

Deppe JA Blackcap 0212 is a lead donor in our program and may be one of the best daughters of Panther Cr Incredible to exist. She turned heads at the 2021 National Jr PGS Show and Iowa State Fair Open show where she was named Reserve Division at both. She has already produced a \$10,000 Midland Bull Test graduate and Top WDA Bull. Her daughter by Car Don Annuity highlighted our 2023 production sale where she was selected by Adam Kohler, SD for \$14,000. Her track record speaks highly of the potential.

*Selling 3 IVF Embryos by Ellingson Prolific (Reg# 20136857).*

*Guaranteeing 1 pregnancy if implanted by a ATEA certified technician. Stored at TransOva Genetics, Sioux Center, IA.*

Montana Blackcap 2334 was our selection of the Montana Ranch fall female sale in October. Her combination of pedigree strength, phenotype and EPD profile gave her the edge. Blackcap 2334's impact will be felt in our program for years to come. The mating by the \$M leader, Ellingson Prolific, will create daughters and herd bulls that will build the next chapter of Angus genetics.

Musgrave Juana Erica 1252 may very well be the most attractive and balanced EPD profiled Sitz Feat daughter to leave the Musgrave program. She is ideal in her build and kind as a working first-calf heifer. The genetic predictions on this mating by Craftsman are outstanding. Spring Cove Ranch purchased full sibling embryos to this mating last fall. Mill Brae Identified 4031 needs no introduction as a breed leader for phenotype and marbling. Calculate the genetic predictions of the combined genetics from two of Mill Brae Angus' best families rerepresented in this rare and valuable mating.

# Deppe SFF *Full Spectrum* 160

HERD SIREs

Full Spectrum 160 is from one of the most impressive First Class daughter's in the breed for her combination of phenotype and performance EPDs. Built from the ground up on an impeccable running gear with power and mass to burn. From front to rear and every angle, this one hits you hard. It is hard to make them look this good with a performance EPD of this caliber. Backed by the immortal Barbara cow family. Top cattlemen are finding the value of adding Full Spectrum to the short list of bulls to use. The early calves are looking outstanding with added grow and performance.

*Owned with Leaders Angus, Ross Land and Cattle and Smith Family Farms. Semen available through owners or Cattle Visions (conventional and female).*

Selected as the top selling 2/3 interest, \$46,000 bull in our 2023 Progress Through Testing production sale by Select Sire's Inc. Duracell 279 offers superior quality, dependability, and generations of genetics both phenotypically and with genomically enhanced EPD's. This stud bull prospect's granddam is a maternal sister to Werner War Party. His dam was our high selling female in our 2021 production sale. The first set of calves by Duracell are outstanding. They were born easy from first calf heifers and have great vigor at birth. At four to six weeks, they fill out and have tremendous structural dimension from front to rear and are sound in their design. ONLY bull in the Angus population to combine his CED (+16), Marb (+1.25) and \$M (+106) values with an added bonus of top 1% HP and 5% PAP. Go to heifer bull and replacement female maker. Explore the potential ways he can work for you.

*Owned with Select Sires Inc., Smith Family Farms and Rich Werner. Semen available through Select Sires Inc.*

# Long Eclipse 2075

HERD SIRE

[View Video](#)

Eclipse was selected from the Long Angus program in Oklahoma from their 2023 fall sale where he was an absolute phenotypic standout. Our search for a donor female landed us on finding Eclipse as a new herd sire in our program. Sired by the popular BJ Surpass and backed by one the best females to leave the Hoffman Angus program in Nebraska, we felt his combined structural soundness, body mass and dimension and foot quality are superior. Add this to his +100 WW, +165 YW, +116 \$M and +335 \$C. Eclipse surpasses all other bulls in the breed for YW, \$M and \$C combined EPDs. *Owned with Long Angus. Semen available through owners.*

Duramax 373 is a standout 3/4 brother to Select Sires', Deppe WW SFF Duracell 279. This stud bull prospect is a wide based, deep ribbed bull with base width and power. Excellent female maker that will sire calves that push down the scale. His granddam is a maternal sister to Werner War Party. He offers a rancher type and kind with breed leading EPD's. Duramax 373 is the ONLY bull in the Angus population to combine his CED (10), YW (150), PAP (-1.03), \$M (97) \$C (323) with the added bonus of top 10% for Foot Angle and Claw.

*Owned with David Lomax and Smith Family Farms.  
Semen available through owners.*

# Deppe GAF *Front-Runner* 3010

HERD SIRE

Front-Runner 3010 caught the attention of astute breeders at our 2024 Progress Through Testing Sale where he sold 2/3 interest for \$42,000. Front-Runner was a pasture favorite of those who viewed him as a calf and through the development stage. This stud prospect's donor dam is backed by the Limestone Blackcap S569 cow family where she has generated daughters and granddaughters in our program that have tested 15 sons at the Midland Bull Test where they have been high performers and sellers. His sire, Crouch Congress, is becoming the leading son of G A R Hometown. Front-Runner 3010 moves the bar and sets the standard high for combined maternal and carcass genetics with the look we all desire. He is the only bull in the Angus population with his combination of CED, YW, SC, MARB, \$M and \$C.

*Owned with Double Barrel Angus and Gotto Angus.  
Semen available through Double Barrel Angus.*

2024 Midland Bull Test STANDOUT! This high \$C ( +310) Congress son with tremendous growth and high performance will be a sure to impress when you see him in person. His herd bull presence and foot quality are second to none. Congress 3044 earned the title of Junior Champion Bull at the 2024 Midland Bull Test and was selected by Joe Goggins of Vermillion Ranch, MT.

*Owned with Vermillion Ranch and Gotto Angus.*

*Semen available through owners.*
